Introducing

IGNATIUS BOOK FAIRS

TRUSTED *by Parents,* LOVED *by Students*

A New Partnership of
Ave Maria University and Ignatius Press

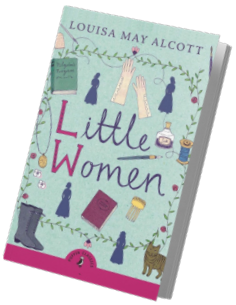
We offer an unparalleled, faithful alternative to nationally known book fairs.

IgnatiusBookFairs.com

"We had a great experience with Ignatius Book Fairs! The selection of fully-vetted books, the variety of authors and genres, and the help we received from the staff led to a very successful event. We raised a generous amount of money and received very positive reviews from all who attended. We're already looking forward to our next Ignatius Book Fair!"

—Sister Maria Guadalupe, OP
St. Isaac Jogues Catholic School

IGNATIUS
BOOK FAIRS



What is an Ignatius Book Fair?

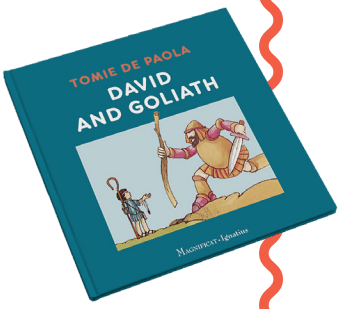
Ave Maria University and Ignatius Press have partnered to offer an unparalleled, faithful alternative to nationally known book fairs. Our goal is to ensure that children have access to literature that can shape their minds and nourish their souls.

What is our promise to you?

We ensure that every book is thoroughly vetted by our staff, providing parents with confidence that the books at the fair are safe for kids. About 30% of our carefully curated selection consists of Catholic books imbued with faith and virtues, while the remaining 70% features wholesome, secular titles. These include children's classics, comic books, inspiring contemporary stories, and books on sports, science, crafts, history, and more. We ship anywhere in the continental United States.

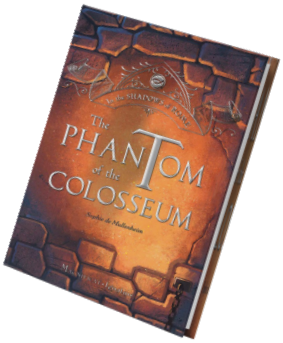
Is there a rewards program?

Yes! Your organization will earn "Ave Dollars" during and after your bookfair, which can be used on our website to select books for your library or classroom.



What kind of support can you expect?

We provide engaging promotional materials, including bookmarks, catalogs, and digital flyers that can be personalized for your school. A dedicated support team is available to offer guidance before, during, and after the fair. For additional details, please refer to the FAQ on our homepage.



Book Fair In A Box

Short on volunteers or limited on space? Consider a *Book Fair In A Box*, a perfect alternative for smaller schools and Religious Education programs. This option combines the charm of an in-person book fair with the convenience of an online store—all in one box!
